

ENVIRONMENTAL POLICY STATEMENT

Aim to Recycle is located in Gateshead in the North East of England and has been trading since 2000. The core of business is the recycling and reprocessing of waste plastics, paper and cardboard into a raw material for industrial use.

The business by nature is focused on increasing sustainability and takes environmental considerations into all of its activities.

In order to improve its environmental credential, the company aims to operate management systems that satisfy the requirements of ISO 14001.

We will address the following aspects within the management system:

- Operate in a responsible manner to minimise the risk of pollution
- Consider the concerns and suggestions of all stakeholders, including neighbours and the general public
- Encourage our customers and suppliers to demonstrate environmental concern
- Promote quality and environmental awareness and seek suggestions for improvement
- Investigate and improve where possible the use of energy
- Recover and recycle as much raw material as is possible
- Regularly review relevant legislation and other requirements to ensure we comply
- Control of information to ensure it is correct and up to date

We will conduct regular reviews of our performance against the above, setting goals and objectives to become proactive in our approach to future improvements.

All personnel employed by the company are suitably trained in the skills necessary to satisfy this policy.

This policy and the resultant Environmental Management System has been agreed by the Board of Directors and will be followed.

Signed

Ian McDonald
Managing Director

AIM TO RECYCLE is the trading style of IK-ECO Limited
